Effective Date	2017/07/11		Reviewer	

Side Magnet: available for butt, rabbet and astragal stile

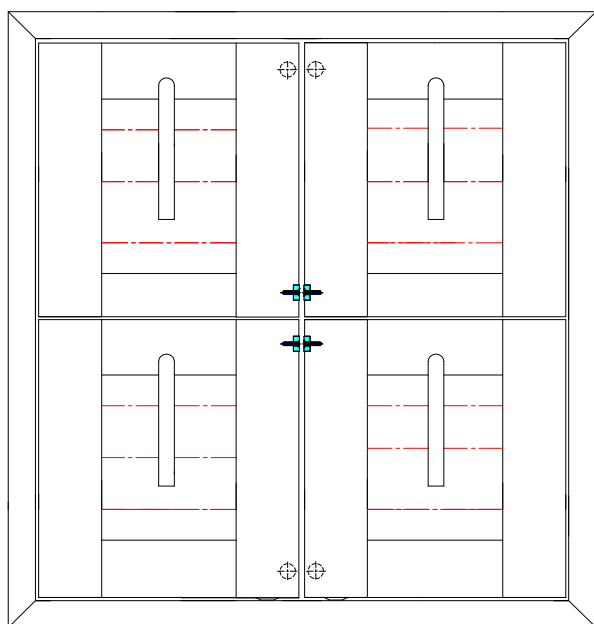

This option is applied to the meeting stiles of LR panels.

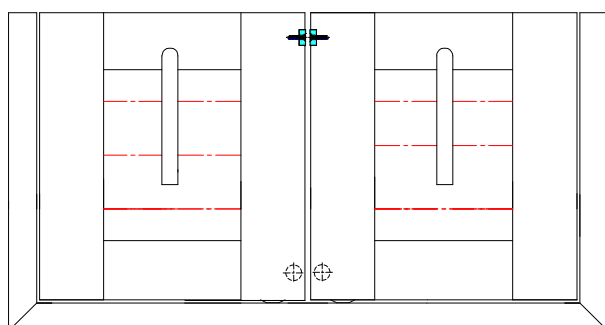

#### Application to following condition:

1. Double Hung shutter without horizontal T post:

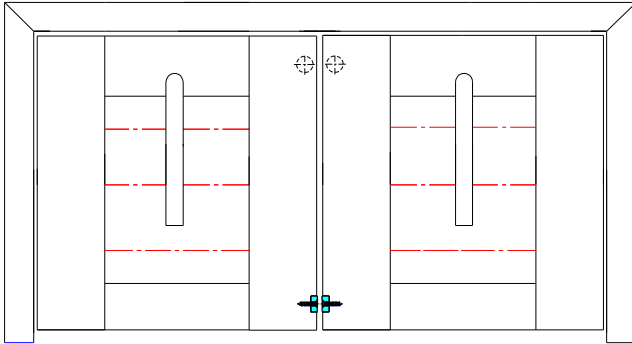

The side magnet will be installed on the top of bottom tier and bottom of top tier.

2. Café Shutter

3. No frame or light block or L-shape striker plate on either top or bottom, or if larger than standard top or bottom gap is requested.

4. Bi-fold Track: the magnets are at the bottom of the stile, or for both top and bottom.
